To whom it may concern:

September 25, 2012

I highly recommend Petr Jansa as a candidate for employment. Petr was employed by Composite Solutions as a Tooling Manager/ Engineering Support Assistant for six months contract. Petr was responsible for tooling design, tooling build, outside vendor support and engineering schedules and tracking progress for the Honda Airplane project.

Petr has excellent communication skills. In addition, he is extremely organized, reliable and computer literate. Petr can work independently and is able to follow through to ensure that the job gets done. He is flexible and willing to work on any project that is assigned to him. Petr was quick to volunteer to assist in other areas of company operations, as well.

Petr would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,

Dave Garrett
Tooling Manager
